

SAFETY AND COMFORT FIRST

Rooms sanitization

At each departure, the bedroom and the bathroom are sanitized and aired for at least 60 minutes.

Frequent cleaning of air conditioning systems

Both the flow of external air and the frequency of filter cleaning with the use of specific disinfectant products have been maximized.

Safety equipment for hotel staff

Appropriate personal protective equipment has been provided to hotel staff

Sanitization and reorganization of the shared areas

The shared areas have been revised on the basis of the social distancing rules and their maximum capacity has been adapted to respect such rules.

Staff training

The hotel staff has been trained in relation to the new procedures and service standards provided by the security protocol.

Involvement of our suppliers-partners

Suppliers and partners have adopted the protocol and new guidelines for the safety of guests and staff.

Surveillance and certification

We are constantly updated on the provisions to be adopted to guarantee your maximum comfort and safety.

We look forward to seeing you soon for an unforgettable stay

The Staff of Hotel Centro
